PUBLIC WORKS DEPARTMENT REQUIREMENTS FOR SIGN-OFF ON DEMOLITION PERMIT

After the Kure Beach Police Department sign-off has been obtained, bring (or fax 910-458-5905) the permit and sign-off form to the Public Works Department, located at 401 H Avenue in Kure Beach (phone 910-458-5816). Once the Public Works Department disconnects the water, you will be contacted to proceed with the sewer line disconnect. Water meter disconnect will need to be completed by the Public Works Department BEFORE any sewer line disconnection work begins.

- 1) Sewer disconnect procedure: Service will need to be physically disconnected at the property line and tap shall be plugged so that water or dirt may not enter line. Service will be properly marked at end of disconnect with a green 2x4 stake and left exposed for inspection.
- 2) Once sewer disconnect is complete, call the Public Works Department to have an inspection scheduled. Inspection must be performed before a demolition permit can be processed. Once inspection is complete, the demolition request will be forwarded to the Town's Finance Department for calculation and collection of any outstanding utility charges. This request will then be transferred to the Inspections Department for final approval. The Building Inspector will contact you with the finalization information pertaining to this request.
- 3) Any damage caused to Town property by contractors, property owner, or his/her representatives shall be repaired at cost to the contractor and/or property owner.
