

## **Ocean Front Park Construction to Resume**

Construction of the Ocean Front Park officially resumes today. The contractor will be bringing in equipment and staging the area. There will be parking spaces on Atlantic Avenue in front of the park site that will not be available during construction. Additionally, there will be times when it is necessary to limit access to Atlantic Avenue.

There is parking on K Avenue west of Fort Fisher Boulevard and parking at the ocean is available on E, F, G, H, I, J and N Avenues.

Construction will continue through the summer season and into the fall. We regret that it has to occur during the busy summer months, but it cannot be avoided. We will make every effort to keep the inconvenience as little as possible, but anytime there is construction there is going to be inconvenience.

Please plan around this by letting friends, family and visitors know. We appreciate your patience during this time. Keeping your sense of humor and flexibility will be an enormous help for all of us.

Once the Ocean Front Park construction is done, we will have an attractive green space with swings and benches, walking path, pavilion, restroom, and play area for small children with a gorgeous ocean view. And a great place for our annual street festival, concerts and other activities.
