The Atlantic Avenue Walkway Project has been approved by the Division of Coastal Management (CAMA) and the Kure Beach Town Council. At the February Town Council Meeting, the Commissioners unanimously directed staff to begin preparing the bid package for the project with John Sawyer Architects. Bid packages are expected to become available in two weeks. Information about the bid process will become available on the Town's website and over the Town's e-mail distribution list as soon as bid packages are completed. Project details will become available at Town Hall once the construction documents are finalized and prepared for the bid package.

The Atlantic Avenue Walkway Project has been a development project for the Town for more than two years. The project is funded by a combination of grants and Tourism Development Authority (TDA) funds.

For more information on the history of the project, including articles, project opposition and artist renderings, visit www.townofkurebeach.org. Then, click on Walkway Project.
