# PLEASE READ THOROUGHLY BEFORE COMPLETING CONTENTS OF THE APPLICATION: FEES

A minor subdivision is defined as follows:

- a) Division of land to be subdivided is ten (10) acres or less in size; and
- b) Division of land not more than five lots or dwelling units, all of which front on an existing approved street; and
- c) Does not involve any new streets or prospectively requiring any new street or easement for access to interior property; and
- d) Does not require drainage improvements or easements to serve the applicant's property or interior property

However, if the sub divider owns, has an option on, or any legal interest in any property either adjacent to or directly across an easement or right-of-way from the property to be subdivided, the subdivision shall not qualify under the abbreviated procedure unless the land is already subdivided and developed and is not considered part of the proposed subdivision.

Applicants for minor subdivision approval shall submit (5) five paper copies (folded to  $8.5 \times 14 +/-$ ) to the Planning Department, and shall conform to N.C. General Statutes and specifications.

State law requires that the County Health Director be afforded the opportunity to comment on proposed water and sewage systems. Consequently, the application shall include a Health Department letter commenting on the proposed subdivision.

Sketch plan and a final plat in accordance with the procedures in sections 15-72 and 15-101 et seq., and relevant requirements of Chapter 19 of the Kure Beach code book but no preliminary plat is needed.
