CALL TO ORDER

Bob Cooil called the meeting to order at 6:08 PM.

.

RECENT CHANGES FROM THE STATE AND THE TIMING FOR REVIEW OF THE KURE BEACH STORM WATER ORDINANCE

The target date for the submission of recommended changes to the Kure Beach Storm Water ordinance has been pushed out. There have been recent changes passed by the NC state legislature that will potentially impact the ordinance. David anticipates that he will receive a specification of those changes from the Town Attorney in the next few weeks. The goal would be to evaluate and incorporate these changes in the proposed ordinance change version in the October Stormwater Oversight Committee meeting. In light of the aforementioned, the targeted date for submission to the Town Attorney of the proposed changes to the ordinance is the end of November.

REVIEW OF COMMENTS AND RECOMMENDATIONS FOR THE KURE BEACH STORM WATER ORDINANCE

The meeting began with a review of the Ordinance's Enforcement and Violations, General, section E (~ page 28). It was agreed that all fees should reference a defined fee schedule, rather than a statement of the amount. It was also agreed that the reference to the Stormwater Administrator's inspection duties is redundant to other paragraphs in the document and should be removed from section E.

The review concluded with an assessment of where two new sections, Public Education and Outreach and Public Involvement and Participation, should be placed in the ordinance. It was recommended that these two new sections should be incorporated within the Storm Water Administrator portion of Section B, Administration and Procedures.

David distributed latest version of the proposed changes to the ordinance document prior to adjournment of the meeting.

APPROVAL OF MINUTES

Bob Cooil requested approval of the July 6, 2026 meeting minutes subject to an edit to the escrow sentence and his motion was seconded by Jim Craig. The motion was approved.

MOTION TO ADJOURN THE MEETING

Raised by Glen Peddle and seconded by Jim Craig. The motion was approved.

NEXT MEETING

Tentatively scheduled for October 5, 2026 at 6 PM.
